Freelance

Present

I have engaged in several freelance projects that involved me developing and maintaining websites for individuals, private businesses, and Non-Governmental Organizations.

Some of them are as follows :-

bolaadebule.com - A website for a real estate consultancy

rccgwinnersoh.org - A website for a church (NGO)

nairacoin.io - A website for a cryptocurrency startup

overseaseduconsult.com - A website for an educational consultancy firm

raftersng.com - A website for a real estate firm

thebookathon.com - An online book store web app

Web Developer / Technology Operations Intern

Smartteller

April 2020 to January 2021

I was in charge of managing the company's website and I was also fixing major issues and complaints from users with regards to the front end of the company's web application. My biggest accomplishment however with the company was completely revamping and rebuilding the front end of their web application to a better looking and functioning one
